Step 1: Layout blocks as diagrammed.

Step 2: Add fabrics in numerical order as shown.

Each block measures 14½" square.

Step 3: Layer with batting only; quilt as desired.

Pillow Backing -

Step 1: Make a patchwork backing from your leftover fabrics to equal four 9½" x 14½" pieces. Finish edges on one side of each backing piece by pressing edge under and under again, then top stitching.

Step 2: Place the quilted pillow top right side down. Lay the left side of pillow back (right side up) align the raw edges and pin. Baste into place using a scant ¼" seam. Repeat with the other side of the pillow back, overlapping the center creating the envelope style back. Insert a 14" pillow form. *Continue with binding instructions below.*

Place wrong sides of pillow front & backing together.

Stitch through all layers

Binding Directions

Step 1: Cut enough 2½" strips to create 300" of binding (approximately 7 - Width Of Fabric strips, each pillow will need a little under 1½ strips and runner will need 4+ strips.)

Step 2: Place binding strips right sides together at a 90° angle. Stitch on 45° angle and trim corners to ¼". Repeat, adding the rest of the binding strips.

Note: Always sew from top left to bottom right.

Step 3: Fold binding in half, wrong sides together and press. Sew to the front side of the quilt and stitch to back of quilt/pillow by hand.
