

Here is the text for the fussy cutting section on pg. 2:

Fussy Cutting - Fussy Cutting simply means a block is cut so that the motif of the fabric is centered in the square. Lay fabric right side down. Using a pencil, mark your designated square size centering the motif. We found 6½” and 4½” square rulers made this job easier. Be careful when cutting not to slice into other motifs you may want to use those later; we recommend using scissors. Below is an example of how to mark the fussy cuts. The Cardinal in the Pines quilt will require 20 - 6½” focal squares. The extra projects in this pattern will use 4½” focal blocks; 5 for the pillow and 7 for the table runner. The greenery only areas will be used in the table runner. Utilize your fabric wisely when cutting if you are planning to make all projects.
